Clear Aligners

Eclipses Clear Aligners

More than ever, patients are coming to the dentist looking for clear aligners. Many decline treatment due to the high costs of traditional vendors and seek more affordable treatments online.

Thanks to the Smart Smile Clear Aligner System, patients can now receive high quality, digitally crafted aligners at a cost that won't turn them away at the office.

Starting at \$360 per arch

Lets Get Started

The process starts with you filling our a new client form on your website.

- Go to *www.evolutiondental.net* then click "Create an Account"
- If you are using an intraoral scanner, add 'Evolution Dental Science' on your scanners portal.
- After we recieve the impressions and script, we will design a series of trays and send you a 'Case Approval' to your email.
- The final trays will be at your office 5-7 days after approval.

Eclipse Clear Aligners are made uniquely for you
